THE MARQUEE YOU TRULY DESERVE

## CREATING STUNNING SPACES

Our stunning marquees can be installed in almost any location for short or long periods and designed to accommodate drinks receptions, dining, relaxation areas, staging and dance floors for entertainment and speeches. From concept to completion we work with you to design a completely unique wedding space, to match your exact needs. We ensure no two weddings are ever the same.

## BEAUTY & PRACTICALITY COMBINED

We will use our expertise to deliver a beautiful marquee which is fit for purpose, ensuring you are water tight, warm when you need to be and able to open the marquee sides when the weather is hot, to truly enjoy the indoor, outdoor experience. Our attention to detail means that garden spaces also become a place to be envied, including pretty lighting, fire pits for toasting marshmallows and hay bales seating.

## QUALITY ASSURED

- We supply luxury toilets, which can be incorporated within the marquee structure or located outside and linked with astroturf walkways.
- Discrete heating units are designed to ensure guests are warm, whatever the weather. Controlled by thermostat, heat is automatically adjusted to your desired temperature.
- To supply power for your caterers or entertainment, we will provide all the cables needed and arrange a mains connection or a generator (with a backup power source).
- All our carpets are laid on hardboard flooring, to safeguard any ground moisture spoiling them.
- Every marquee is cleaned thoroughly to ensure it is immaculate.
- For the ultimate peace of mind, we recommend you book one of our technicians, who will provide on-site attendance throughout your big day.

## PLANNING THE PERFECT MARQUEE FOR YOUR OCCASION

Our marquees come in denominations of 3 metre widths and can be sized to suit your guest numbers, dining style and utilisation. To work out what size marquee will suit you perfectly, we simply need to know:

- How many guests are you expecting?
- What style of dining would you like, canapé reception? Formal sit down dining, waitress-served or buffet style?
- Will you be having a dance floor, and how much room does the DJ or band need?
- How much space do the caterers need for the preparation area and service (e.g. buffet tables)?
- Do you want some outside space?
- Do you want a more relaxed area with sofas and coffee tables?
- Will you have a separate bar area?
- What else might you need room for in the marquee? (e.g. a crèche, a play area, a stage)
