of up to 16m

10-40m wide

Almost unlimited length

## Expect different

Exclusive to Fews, and featuring cutting edge structural technology and excellent acoustics, the Igloo allows event designers to create amazing spaces with unparalleled levels of height and light at their disposal. Suitable for large productions, the aluminium structure can be designed in modular widths with PVC coverings available in crystal clear, white opaque, and black out finishes.

## Large events

The Igloo is ideal for large corporate events, concerts and festivals, with the capacity to safely cover either a large number of guests, or staging and huge audiences, ensuring the weather never spoils the enjoyment.

## Huge suspended loading

The Igloo has a huge suspended load bearing capacity and can comfortably support sound and lighting rigs for the largest of productions. It is even possible to suspend large product displays or vehicles.

## Size and versatility

This unique structure is second to none, with internal heights of up to 16m, available in 10m, 15m, 20m, 30m, and 40m spans and unlimited lengths, and serves a market specifically where height, width and suspended weight are critical. It can feature crystal clear, white opaque or silver / black PVC roofs to create the perfect environment.
